Dreer's Quarterly Wholesale Price List

SEPTEMBER—DECEMBER, 1902

BULB DEPARTMENT.—The immense quantities of Bulbs which we handle enable us to supply them at the lowest possible prices. Our sources of supply are the best in this country and abroad, the leading growers of the world having for years supplied us with their **choicest stock**. All prices quoted in this list include duty, packing and delivery to any Express or Freight Line in Philadelphia.

SEED DEPARTMENT.—This is in charge of trained experts, and whether your wants may be in Flower, Vegetable, or Agricultural seeds, you may be sure to get only the choicest.

PLANT DEPARTMENT.—(See remarks on page 14.)

LOW EXPRESS RATES ON PLANTS, BULBS AND SEEDS. We are shipping by express lines, to all parts of the country, goods, packed in closed boxes, at a reduction of 20 per cent. from regular rates of merchandise. Prepaid packages of seeds, plants and bulbs are carried to California and all distant points at the rate of 8 cents per pound.

By our careful and thorough system of packing, we **Guarantee Safe Delivery** of Plants and perishable goods, when ordered to be sent by **Express**, and we always ship this way unless we have positive instructions to the contrary, and **when sent in any other way, are solely at purchaser's risk.**

PRICES.—This list cancels all previous offers. The prices quoted in this list are net, and subject to no discounts. All orders from the trade will be priced according to this list. Articles offered in our Retail Catalogue and not offered in this list will be supplied at retail prices less the following discounts, viz: Vegetable and Flower Seeds, in packets, Bulbs and Plants, 33 $\frac{1}{3}$ % ; Small Tools and Insecticides, 10% ; Lawn Mowers, 5%.

TERMS OF BUSINESS.—Unknown correspondents desiring to open an account will please furnish reference to parties in the trade with whom they have had credit relations, otherwise cash must accompany order. To parties of approved credit all bills will be due and payable Ninety (90) days after date of invoice.

Remittances should be made by Post-Office Money Orders, Drafts on New York or Philadelphia banks, or Express Money Orders. Where it is not possible to obtain these, the letter should be registered. We cannot guarantee receipt of money sent in any other way.

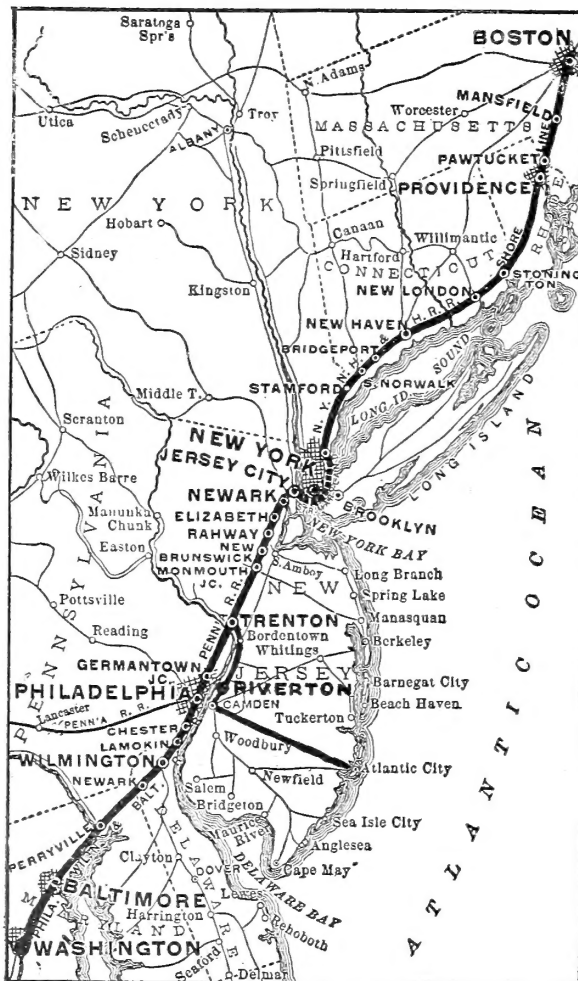

Goods desired C. O. D. must be accompanied by a partial remittance to guarantee acceptance.

All goods are offered subject to being unsold on receipt of order, and we reserve the right to advance prices without notice.

No charge is made for boxes or packing, nor for delivery to Freight Depots or Express Offices in Philadelphia.

In filling out your order always give **Shipping Directions**, and write **Name and Address Distinctly** on each and every order.

NON-WARRANTY.—We wish it to be distinctly understood that although we continue to take all possible pains to supply only New, Genuine and Unadulterated Seeds, Plants and Bulbs, we still give no warranty, express or implied, as to description, quality, productiveness, or any other matter of any of the Seeds, Plants or Bulbs we send out, and will not be in any way responsible for the crop. Every order received for articles named in this Catalogue will be executed on these conditions only.

An Invitation.

We cordially invite you to visit our Greenhouses and Nurseries at River-ton, N. J., one of the most interesting commercial places in the world. River-ton, as can be seen by the map, is situated on the New Jersey side of the river Delaware, nearly opposite the city of Philadelphia, from which it can be reached by frequent trains in 30 minutes and by boat in 45 minutes. Time tables on application. We are continually increasing our facilities to keep pace with the demand; a block of 12 houses, each 150 ft. long is at present in course of construction and will be of interest to those who intend building.

Our Water Lily Garden, which is the most extensive in the world, is worth coming a long distance to see.

The now so popular Hardy Perennials are grown in immense quantities, also Cannas, Petunias, etc., etc.

For Dutch Roman Hyacinths

See page 2.

Dutch Hyacinths are plentiful and low in price this season. For forcing we specially recommend the Single 1st and 2d size named varieties offered on pages 2 and 3.

Our importation is due to arrive the first week in September.

WHITE ROMAN HYACINTH.

SINGLE HYACINTHS.

MIXED HYACINTHS

in separate colors.

The following are selected unnamed sorts, and are used largely for forcing and bedding. Our stocks of mixed Hyacinths are made up of bulbs measuring 15 centimeters and over in circumference.

MINIATURE HYACINTHS.

Selected First Size Named Hyacinths.

The superiority of Named Hyacinths for forcing and bedding is attested by the increasing sales every year. They can always be depended upon to produce large, full spikes, which command a much higher price and readier sale than the inferior blooms produced by the mixed sorts.

Narcissus Jonquilla Jonquils and **Narcissus Odorus**. Campenelle Jonquils are offered on next page.

Polyanthus Narcissus, including the popular Paper White, Paper White Grandiflora, Double Roman, etc., are offered on next page.

Chinese Sacred Lily or Narcissus

Ready late in September or early in October

We receive annually a direct importation of the finest bulbs procurable. Although for the most part sold to retail buyers for growing in water, they do even better in pots in moss or soil, and every florist should have a few for store sale.

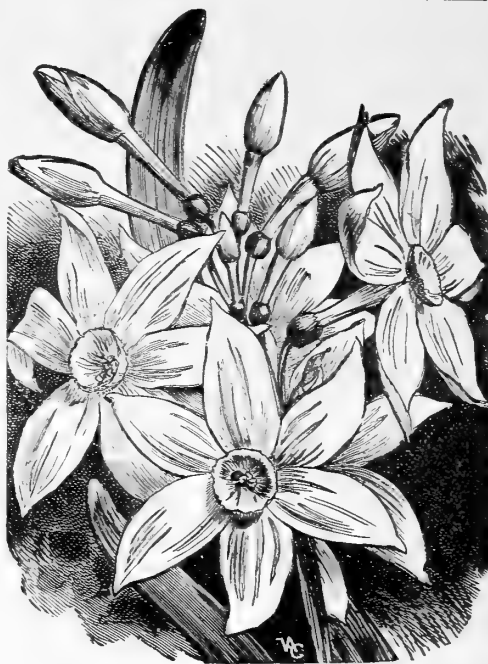

Selected Bulbs, 60 cts. per dozen. Original basket containing 30 bulbs, \$1.40. Original bundle of four baskets, containing 120 bulbs, \$5.00; per 1000, \$40.00.

Mammoth Bulbs, \$1.00 per dozen; \$8.00 per 100.

Polyanthus Narcissus

All excellent for florists' use. The bulbs we offer are selected size, measuring 13 centimeters and over in circumference.

LILIUMS

(Easter in 1903 comes April 12th.)

HARRISII. The Bermuda Easter Lily.

Extra Select Stock.

We have a splendid stock of this important variety grown especially for us by one of the best growers on the Island, who writes us regarding them as follows:

"I believe these bulbs to be the best stock leaving Bermuda this or any previous season, perfectly free from disease, no longiflorum mixed with them and worth 50 per cent. more to the grower than nine-tenths of the stock leaving the Colony this season."

The appearance of the bulbs seems to fully warrant the above strong statement, and we do not anticipate that there will be any cause for complaint this season.

Our supply of these are due to arrive early in October, earlier shipments are liable to be immature. To those who grow a houseful there should be no trouble to get them in for Easter even if planted as late as November, but to the florist who only grows a few hundred it will be safer to depend on Harrisii.

OF SEASONABLE PLANTS FOR FLORISTS

Our stock of decorative plants, such as Palms, Ferns, Pandanus, Ficus, Araucaria, etc., etc., is, as usual at this season of the year, very complete in a full line of all popular sizes, and the quality is of the same high standard for which our stock is celebrated. Whenever possible, we solicit a personal inspection of our stock. We invite you to visit us at any time.

OUR MEASUREMENT OF PLANTS, where given, as in the case of Araucarias, Palms, etc., etc., means the height of the plant from the top of the pot to the top of the plant in its natural position. We make this explanation of our way of measuring as many growers contend that the proper measurement is from the bottom of the pot to the tip of the longest leaf, and make their offers in that way.

ANTHURIUM.

Acacia Armata.

A pretty spring flowering variety which produces its flowers in globular heads from the axils of the foliage in such a manner as to completely envelop the plant in a pleasing light yellow; an excellent plant for Easter forcing, succeeding under the same culture as the azaleas.

A fine lot of home grown plants which are much superior to newly imported plants, strong in 6-inch pots, \$5.00 per dozen; \$40.00 per 100.

Alocasia Macrohiza Variegata.

A handsome exhibition plant with large, bright green leaves, with wavy margins and marbled and blotched with white. 50 cents each.

Alocasia Illustris.

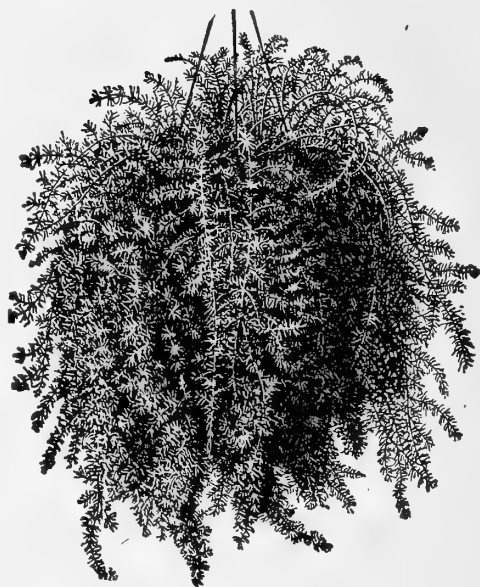

A free growing dwarf species with dark green foliage marbled with black, 4-inch pots, 20 cts. each; \$2.25 per dozen.

Alocasia Violacea.

A very strong growing species with dark stems and foliage, making a fine specimen plant. 50 cts. each.

Anthurium, Crystalinum and Grande.

Two pretty ornamental-leaved varieties with dark olive green foliage, the veins of which are bordered with crystalline white, the young foliage when first unfolding is of a peculiar and rich reddish bronze color. 4-inch pots, 50 cts. each.

ASPARGUS SPRENGERI.

Anthuriums.

Andreanum Hybrids. A fine lot of seedlings in 5-inch pots, various colors. \$1.00 each.

Scherzerianum. Brilliant scarlet. 75 cts. each.

Hardy Azalea Mollis. For Forcing.

These varieties have for many years been very popular for forcing in Europe, and have in recent years met with considerable favor here in the United States, and when better known are certain to gain in popularity, especially for early forcing.

We are handling the stock of one of the most successful specialists, and can supply in November fine bushy plants, 12 to 15 inches high, finely set with buds, \$4.50 per dozen; \$35.00 per 100.

**AZALEAS****Special Prices
for Immediate Orders**

We are now booking orders for fall delivery. Buyers who use a quantity of this most popular Easter blooming plant will find it to their interest to place their orders for next season's wants early, thereby securing the choice of the stock at lowest cost for transportation, as the plants can be forwarded with perfect safety during October, by fast freight, even to the most distant points.

Our growers in Belgium are among the most successful men handling Azaleas; they have been specialists in this line for many years, and their principal stock is sent to us.

All of our importations of Azaleas are sent here in bulk, and are all re-packed at our own nurseries, so that any plants that may have not carried well are set aside. This insures our customers of securing only first-class stock, which cannot be compared with cheap assorted case lots, which are made up in Belgium and distributed on this side just as received, frequently not only containing damaged plants, but also, as a rule, many varieties not at all suited to the American trade.

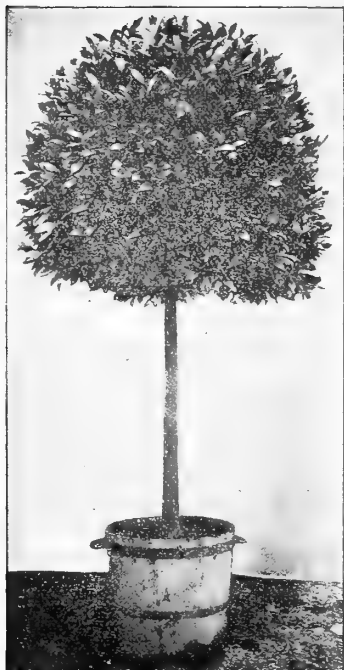

The varieties we supply are only the most popular sorts suited to the American market. Our own representatives make personal inspection of the plants in Belgium previous to shipment, thus enabling us to guarantee satisfaction.

Good young plants in 2-inch pots, \$1.50 per dozen; \$12.00 per 100.

Begonia Rex.

A choice assortment of 12 distinct varieties, 3-inch pots, \$1.00 per dozen; \$8.00 per 100.

New Flowering Begonia, "Coral."

In Begonia "Coral" we have a perfect Gem; a shrubby variety that flowers the year round. In habit of growth and foliage it closely resembles the old Begonia Fuchsioides, which is now rarely seen, but its flowers are of much larger size and of a beautiful coral red color; a real acquisition.

20 cts. each; \$2.00 per dozen.

Double Everblooming Begonias.

(Begonia Semperflorens Fl. Pl.)

Valuable additions to the Begonia family, with pretty double flowers. The four varieties here offered are all of strong, vigorous habit, and succeed admirably either bedded out in the full sunlight or as pot plants.

Boule de Neige. Large full double white with yellow stamens.

Gloire de Montet. Opening bright carmine changing to clear pink.

Triumph de Lorraine. Opening bright scarlet changing to carmine.

Victor Prouve. Light pink with deeper centre.

\$1.25 per dozen; \$10.00 per 100.

BEGONIA GLOIRE DE LORRAINE.

PYRAMIDAL-SHAPED BAY TREE.

BOUGAINVILLEA SANDERIANA.

Tuberous Rooted Begonias.*(Ready in December.)*

The strain of Tuberous Rooted Begonias which we handle is the product of one of the foremost specialists in Europe, whose product cannot be excelled, if equalled. The price is as low as is consistent with good quality, and while it will not compare with indifferent cheap strains, is especially appreciated by the retail florist who grows for the spring trade to sell when in bloom.

Single Varieties in Separate Colors. Crimson, scarlet, white, rose, yellow and orange. 40 cts. per doz.; \$3.00 per 100; \$25.00 per 1000.

Single Varieties in Choice Mixture. 35 cts. per doz.; \$2.50 per 100; \$22.00 per 1000.

Double Varieties in Separate Colors. Scarlet, rose, white and yellow. 65 cts. per doz.; \$5.00 per 100; \$40.00 per 1000.

Double Varieties in Choice Mixture. 50 cts. per doz.; \$4.00 per 100; \$35.00 per 1000.

The prices hold good only for early orders.

Cannas. Large Field-Grown Clumps.

The varieties enumerated below can be supplied in strong, undivided field-grown clumps, which will average from twenty to thirty eyes each, according to the variety, and at a price which will make it an advantage to stock up during the fall, when they can be shipped by freight at a low cost of transportation.

Orders for this stock at this low price will only be accepted as long as the plants remain in the fields, which is usually until about the 25th of October.

Place your orders now and the stock will be reserved until the proper time to dig.

COLEUS THYRSOIDEUS.

Carex Japonica Variegata.

An exquisitely graceful new Japanese grass with slender green foliage, edged white. 75 cts. per dozen; \$6.00 per 100.

Coleus Thyrsoideus.

(The Flowering Coleus.)

Entirely distinct from the varieties of Coleus heretofore known, all of which were grown for their beautifully colored and variegated foliage. This species, which comes from Central Africa, is not a foliage plant, its leaves being plain green; but it is a really grand flowering plant, and a winter flowering plant at that, its season of flowering being from the Christmas Holidays until late in March.

The plant is of strong growth, attaining a height of 2 to 2½ feet, and produces dense cylindrical spikes one inch in diameter and from 6 to 12 inches long, of beautiful rich blue flowers, which remind one of a spike of blue Larkspur. Blue flowers at all seasons of the year are not plentiful and always much sought after, especially so during the winter season. We consider this plant a perfect gem and a plant that has a great future as a winter flowering pot plant.

2¼-inch pots, 60 cts. per doz.; \$4.00 per 100.

Stock plants in 4-inch pots, 15 cts. each; \$1.25 per doz.; \$10.00 per 100.

Clivia Miniatum.

Fine strong plants, in 6-inch pots, from a select strain of seedlings. 50 cts. each; \$5.00 per dozen.

Crotons.

We offer a selection of 12 choice varieties in 3-inch pots. \$2.00 per dozen; \$15.00 per 100.

Cyperus Alternifolius.

Strong, 3-inch pots, 75 cts. per doz.; \$6.00 per 100.

Cycas revoluta
(Sago Palm)**Cycas Revoluta.** (Sago Palm.)

We have a large stock of Cycas, especially in medium-sized plants, suitable for retailing for house decoration. All of these sizes are in very good condition and, we are certain, will give entire satisfaction.

Dieffenbachias.

Handsome decorative plants, with bold ornamental foliage, useful for the warm conservatory.

Baraquiniana. Leaves bright, light green, irregularly spotted with white, midrib and stems shining clear ivory-white. 50 cents each.

Bausei. Leaves yellowish green, margined and irregularly blotched with dark green, and profusely spotted with white. 50 cents each.

Bowmanni. Rich deep green leaves, blotched with irregular markings of light green. 50 cents each.

Magnifica. Shining sombre green leaves; thickly variegated with blotches and spots of pure white. 75 cents each.

DIEFFENBACHIA.

DEUTZIA LEMOINEI.

Deutzias for Forcing.

Gracilis. We have a large stock of this standard variety in strong two-year-old-plants, suitable for 6 and 7-inch pots, 75 cents per dozen; \$6.00 per 100; \$50.00 per 1000. Strong one-year-old plants, 60 cents per dozen; \$4.00 per 100; \$35.00 per 1000.

Gracilis Rosea. Identical with *Deutzia gracilis* in general habit, but with flowers fully double the size of that graceful variety, to which is added the additional charm of being suffused with a delicate rosy tint just sufficient to relieve the dead white which is objectionable in the type, and which will undoubtedly place it in the front rank of shrubs for winter forcing.

Strong two-year-old plants, suitable for 6-inch pots, \$1.00 per dozen; \$8.00 per 100. Strong one-year-old plants 60 cents per dozen; \$4.50 per 100; \$40.00 per 1000.

Lemoinei. *Deutzia Lemoinei* is now a standard forcing variety, and when better known will no doubt entirely supplant *Deutzia Gracilis* for this purpose. Not only is it valuable for forcing, but it is equally good for the garden, being just as hardy as the type, while its flowers are three times as large, and are produced in broad-based cone-shaped heads of from 20 to 30 flowers each, which are of the purest white.

We offer strong two-year-old plants for forcing, suitable for 6 and 7-inch pots, \$1.00 per dozen; \$8.00 per 100; \$75.00 per 1000. Strong one-year-old plants, 60 cents per dozen; \$4.50 per 100; \$40.00 per 1000.

FINE FERN S

As usual our stock of Ferns is very large, about half a million being now in pots ready to send out. Our collection is made up entirely of varieties suitable for florists' use.

Choice Varieties of Special Merit.

New Adiantum Charlotte.

Our illustration gives a faint idea of the beauty and grace of this new Maidenhair; it is entirely distinct from all other varieties, and even more graceful than *A. gracillimum*, and possessing the advantage of having much stouter, stiffer stems, on account of which it forms more shapely plants, and increases its value for cutting purposes.

2-inch pots, 60 cents per dozen; \$4.00 per 100.

Adiantum Farleyense.

3-inch pots, \$2.00 per dozen; \$15.00 per 100.
4 " 4.50 " 35.00 "

CIBOTIUM SCHIEDEI.

Adiantum Rhodophyllum.

This variety is always scarce, and while it does not compare with Farleyense in a large specimen, in a small plant it resembles it very much, and has the advantage of succeeding under ordinary cultivation.

2-inch pots, 75 cents per dozen; \$5.00 per 100.

Asplenium Nidus Avis.

The "Bird's Nest Fern." A fine, thrifty lot of strong 3-inch pot plants, 25 cents each; \$2.50 per dozen.

Cibotium Schiedei.

This is undoubtedly the finest of all Tree Ferns in use for decorative purposes, and, though appearing very soft, is in fact very hardy, as has been demonstrated by the leading decorators throughout the country, succeeding admirably as a house plant, which is not the case with any other Tree Fern. It possesses a graceful and delicate appearance that is found in no other plant. It is a variety that is always scarce and difficult to obtain. We have succeeded in growing a fine lot of this variety, and offer beautiful decorative plants of it.

5-inch pots, \$1.00 each; \$10.00 per dozen.
7 " 1.50 " 18.00 "
9 " 3.00 " 36.00 "

Microlepia Hirta Cristata.

We consider this one of the finest Ferns in cultivation to grow into specimen plants, and while it is of such a delicate, graceful appearance that would lead one to think that it was useless as a house fern, it is nevertheless one of the best for this purpose, and when well grown meets with as ready sale as the popular Boston Fern.

2 1/4-inch pots, \$0.75 per dozen; \$6.00 per 100.

Nephrolepis Piersoni.

Without a doubt the greatest acquisition in Ferns that has been introduced in many years and one that we believe will become fully as popular as the Boston Fern. We are now booking orders for delivery early in February which will be filled in strict rotation. We anticipate that the demand for this grand Fern will be greater than has ever been experienced for a new decorative plant, and that it will tax the introducers' ability to produce sufficient stock, early orders are therefore advised to insure prompt delivery.

Prices for strong 2¼-inch pots for delivery early in February.

Mixed Ferns

Our selection in 2 1/4-inch pots, \$3.00 per 100; \$25.00 per 1000; \$100.00 per 5000.

LASTREA ARISTATA VARIEGATA.

HYDRANGEA HORTENSIS MARIESSII.

Genista Fragrans.

A nice lot of 4-in. pot plants, \$2.00 per doz.; \$15.00 per 100.

Dreer's Superb Gloxinias.

A most carefully selected strain, with large erect flowers of the Crassifolia type.

We offer either separate colors as blue, red, or white, or in choice mixtures; large, sound bulbs, ready in December, at 50 cents per dozen; \$4.00 per 100; \$30.00 per 1000.

Hydrangea Otaksa.

A fine lot of open field-grown plants, with 5 to 6 shoots, \$3.50 per dozen; \$25.00 per 100.

Hydrangea Hortensis Mariessii.

One of the most distinct and effective varieties yet introduced. It is especially remarkable for the large size and distinct color of its sterile flowers, which are fully 3 inches across; of a light pink color tinted with mauve.

A variety that we have every reason to believe will become popular as a forcing plant when better known. We offer a limited lot of 5-in. pots at 50 cts. each; \$5.00 per dozen.

Hydrangea Hortensis Variegata.

We offer a fine lot of this pretty variegated leaved variety in strong open ground plants. 25 cts. each; \$2.50 per dozen.

Isolepis Gracilis.

A useful plant with graceful grass-like dark green drooping foliage, for vases, baskets, etc.

3-inch pots, 60 cts. per dozen; \$4.00 per 100.

Ixoras.

These are among the showiest of our stove-flowering plants. The foliage is pretty and attractive, while the flowers, borne in large terminal corymbs, shaped somewhat like a Bouvardia, are of most brilliant colors.

Chelsoni. Bright orange salmon, shaded with pink.

Coccinea. Bright red, in very large corymbs.

Dixiana. Deep orange, in large trusses.

Javanica. Orange, very distinct.

Parviflora. A choice white variety.

Dreer's Double Petunias.

Our Double Petunias are too well known to require special description, we simply wish to call attention to the fact that the stock which we offer is selected and propagated every season from seedling plants, thus securing a life and vigor which is not found in plants which have been propagated year after year from cuttings.

The stock this season promises better than ever, both in the quality of plants as well as in the selection of varieties. Strong 3-inch stock plants will be ready early in October.

PALMS OUR LEADING SPECIALTY

We again call special attention to our stock of Palms, which is the largest and most complete in the country, especially in the varieties and sizes used in the general florist trade; our stock of Kentias alone occupying over one and a half acres of glass, and all other popular varieties being on hand in proportionate quantities.

Special Notice.—Our measurements of plants, where given, as in the case of Palms, etc., etc., mean the height of the plant from the **top of the pot to the top of the plant in its natural position.** We make this explanation of our way of measuring, as many growers contend that the proper measurement is from the bottom of the pot to the tip of the longest leaf, and make their offers in that way.

Double Violets. Marie Louise.

A fine lot of thrifty healthy plants of this most desirable standard variety, in strong and field-grown clumps. \$1.25 per doz.; \$8.00 per 100; \$75.00 per 1000. (Ready about September 25th.)

Single Violets.

The varieties offered below are great improvements over the old sorts, which were practically of little use except at such seasons when double flowering sorts were not to be had, while in these new sorts the flowers are of such immense size that they are fully as desirable as the finest doubles. We offer strong field-grown clumps.

Admiral Avellan, reddish purple, of good size.

La France, rich violet blue, large and very fragrant.

Luxonne, soft violet purple, very fragrant.

Princess of Wales, intensely fragrant, soft violet-blue.

75 cts. per doz.; \$6.00 per 100.

Vriesia.

Splendens. A beautiful Bromeliad with light green foliage, transversely marked with brownish black bars, as shown in the illustration. It throws up a tall spike of brilliant scarlet bracts, from which the yellow flowers are produced. The rich coloring of the bracts continues for a long time. An excellent house plant in every way, as it does not suffer from a dry atmosphere. (See cut.) 35 cents each.

LUXONNE VIOLET.

Hardy Perennial Plants.

We are handling this class of Plants in immense quantities. Our list embraces all desirable species and varieties.

IRIS KÆMPFERI (JAPANESE IRIS).

Iris Kæmpferi (Japanese Iris).

These magnificent Iris are among the most beautiful of our summer flowering plants, and are destined to become more popular every season. They commence blooming about the middle of June, and continue in flower for five or six weeks. Many of these flowers measure from 10 to 12 inches in diameter, and rival the orchids in their rich colorings and markings. We offer 24 distinct varieties, which were selected while in flower from over 75 of the best Japanese introductions.

Date-Dogu. Rich violet purple, with golden centre.

Ho-o-jo. Six large petals of a rich velvety purple deepening to the base of the petals.

Hano-no-mishiki. Bright violet purple, with white veins.

Iso-no-nami. Ground color silvery white, delicately veined and traced with violet, and golden rayed centre.

Gekka-no-nami. Comes into bloom fully a week earlier than any other sort; three very large silvery-white petals; with golden-rayed centre.

Kagaribi. Ground color white, beautifully traced and marbled with ultramarine blue; six large petals, golden yellow star like centre.

Kigan-no-misao. A very late flowering white with yellow centre.

Kimino-megumi. Three large pearly white petals, delicately veined with ultramarine blue, with yellow centre; with light blue standards fringed with white.

Koki-no-iro. Six large rich royal purple petals with golden centre.

Kumoma-no-sora. The flower consists of three large broad petals, ground color pure silvery white suffused in the most delicate manner with soft light sky-blue; yellow rayed centre.

Kosui-no-iro. Six large petals, ground color violet veined with white; yellow-rayed star-shaped centre.

Kyodaisan. Entirely distinct with three large rosy lilac petals, with deeper veins and standards, and a golden bar in the centre of each petal.

Kuma-funjin. Six large petals of a silvery white edged with a broad magenta-lilac border with white veins and yellow centre.

Meiran. Three large white petals, densely marbled and veined with lilac, and yellow rayed centre.

Mana-dsuru. A late flowering white, with six large petals and golden-rayed centre.

IRIS GERMANICA (GERMAN IRIS).

Iris Kæmpferi (Continued).

Oyodo. A fine self colored violet purple, shading deeper at the base, with golden yellow bar in the centre of each petal.

Shiga-no-ura-nami. The six large petals are of a rich violet purple veined with white, and pure yellow star like centre, which is surrounded by a white halo.

Shishi-ikari. Three medium sized well rounded petals, white ground densely veined and mottled with dark purple, and pure yellow centre.

Shippo. Light lilac, densely veined with purple, and pure yellow centre.

Tsurugi-no-mai. Six rich deep purple petals, shading darker to the centre, with a pure yellow bar in the centre of each petal.

Uji-no-hotaru. Six petals, deep purple shaded with blue, which deepens to the centre.

Uchiu. Six petals, bright purple with crimson sheen and few white veins, pure yellow centre.

Waku-hotei. Six large petals, pure white, veined throughout with purple.

Yomo-no-umi. Finest white, with six large petals, golden yellow star-shaped centre.

INCARVILLEA DELAVAYI.

Incarvillea Delavayi. A new, hardy, tuberous-rooted plant, very aptly called the hardy Gloxinia. An introduction from the north of China, and one of the choicest perennials introduced in recent years. It produces large, rose colored, trumpet-shaped flowers, which last in perfection a long time. These are produced in clusters on stems 18 inches high; a grand acquisition. 25 cents each; \$2.50 per dozen.

Primula Veris Superba.

(New Giant Hardy Primrose.)

In size of flower, this is fully three times as large as any hardy Primrose, the average size of the flower being over one inch, and frequently over 2 inches, with trusses of bloom 6 inches in diameter. It is perfectly hardy, grows from 10 to 12 inches high, and begins to flower earlier and continues in bloom longer than any other plant of the same family known to us. Its greatest merit consists in the fact that it is not only one of the easiest plants to force, and sells on sight when brought into flower during the winter and early spring months, and especially so when grown as an Easter plant.

The plants can be stored in cold frames, successive batches being brought into a cool greenhouse to flower as required, allowing about four to five weeks' time to bring them into full bloom.

Strong plants 75 cents per dozen; \$6.00 per 100.

The Climbing Hydrangea.

(*Schizophragma Hydrangeoides.*)

This grand climber, though introduced from Japan in 1879, is always scarce and but rarely offered for sale. It is one of the most desirable and interesting of our hardy climbers, and though at first slow in growth, it is of vigorous habit after it once becomes established. Its flowers, which are borne in large trusses, are similar to a white Hydrangea, and when in flower, during July and August, make a handsome display. It is one of the best flowering vines we know of for planting against a tree or wall, as it clings naturally to any rough surface and requires no support or tying.

4-inch pots, \$3.00 per dozen.

Ipomœa Pandurata (Hardy Moon Flower).

Strong dormant roots, 50 cents per dozen; \$4.00 per 100.

Hardy English Ivies.

An extra fine lot of strong, bushy plants in 4-inch pots, 3 feet high, 3 to 5 shoots. \$1.25 per dozen; \$10.00 per 100.

Lathyrus Latifolius Albus.

(White Perennial Pea.)

A desirable plant of climbing habit, growing about 5 feet high, producing pure white flowers the entire summer; excellent for cutting; strong plants. \$1.50 per dozen; \$12.00 per 100.

Lathyrus Latifolius Splendens.

A fine rose colored variety of the above. \$1.50 per dozen; \$12.00 per 100.

Wisteria Sinensis. (Ready in November.)

Extra heavy two-year-old plants, 5 to 6 feet long, well rooted.
Blue \$3.00 per dozen; \$22.00 per 100.
White 3.50 “ 25.00 “

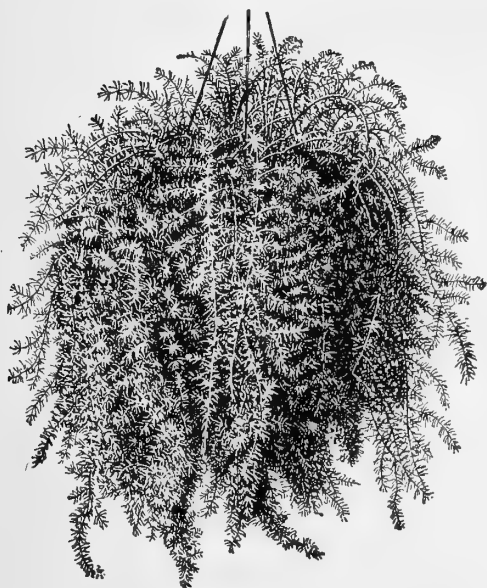

Dreer's Reliable Flower Seeds

FOR AUTUMN SOWING

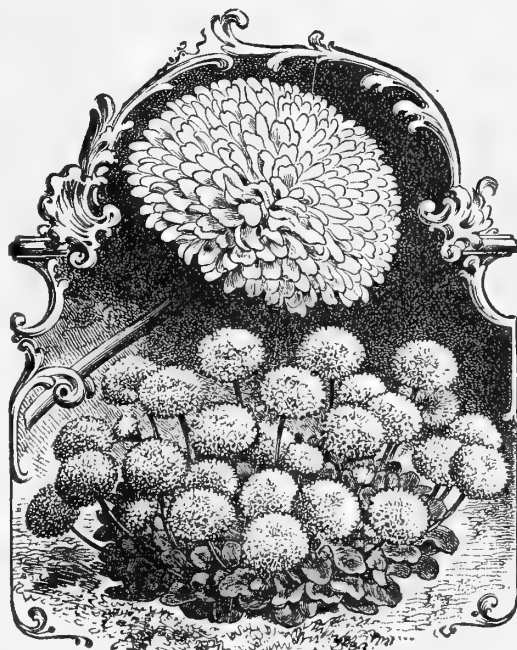

We call special attention to our choice strains of **Cineraria, Cyclamen, Pansy, Primulas**, etc., which are acknowledged by leading growers to be superior in all respects.

Autumn is a good time to make sowings of many of the hardy perennials, and in view of the great popularity which this class of plants are at present enjoying, it will be to your advantage to get up stock of the leaders, including **Aquilegia, Coreopsis, Delphinium, Gaillardia, Platycodon**, etc., etc.

For complete List of Flower Seeds, see Spring issue of our Wholesale Catalogue.

PRIMULA CORTUSOIDES SIEBOLDII.

DREER'S CHINESE PRIMROSES.

Primula, Sinensis Fimbriata.**(Fringed Chinese Primrose.)**

Our strain of this important florist flower is of the finest possible quality, having been saved only from the choicest fringed flowers of largest size; richest coloring and texture, and we feel sure will give the same satisfaction in the future that it has in the past. Trade packets contain from 500 to 1000 seeds according to variety.
